BRONXVILLE PROMISE

To innovate, discover, and create.
To make something new from what you know.

To find your voice and communicate clearly in order to lead with passion and persistence.

To think critically, explore nature, history and culture;

To gain the understanding and the courage to change.

To collaborate and serve;
To engage in the world around you and make it a better place.

The Bronxville Promise defines those dispositions we strive to develop to the fullest in all our students weaving them into the fabric of school culture programs and services. Project based learning units, technology-enhanced lessons, sustained attention to writing development, access to online courses, redesigned classroom spaces and attention to growth in leadership in all areas of activity, support this endeavor.

SCHOOL

Bronxville High School is a public four-year college preparatory school, nationally recognized for educational excellence. Thirteen students attend Bronxville's Life Skills program, a specialized pre-vocational program for students with developmental disabilities. School accreditation is through the Tri-States Association of Secondary Schools and Colleges and The New York State Education Department. The teaching faculty consists of approximately 60 full and part-time teachers, all of whom hold a minimum of a Master's Degree. Counselors, including the director, each work comprehensively with students in grades 9-12 for four years. The school calendar consists of four 9 week grading periods, with 80-minute alternating block academic class periods on a 6 day rotation.

ACADEMICS

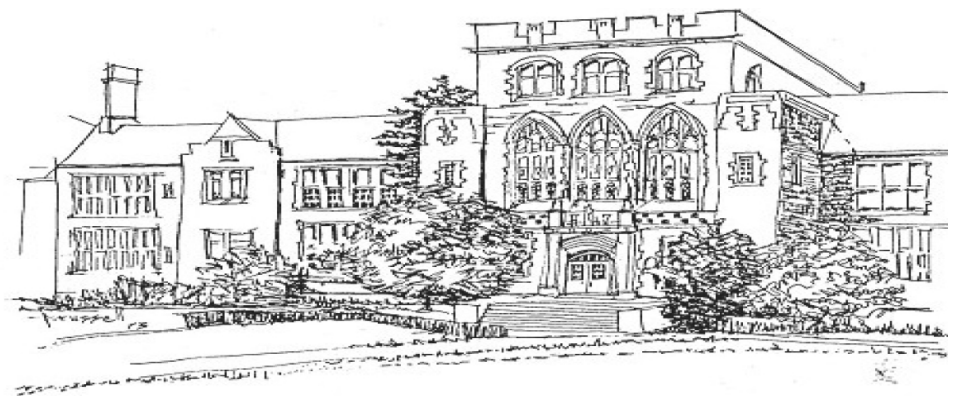

Enrollment in AP classes is subject to prerequisites, teacher and departmental recommendation; however a waiver policy is in place for those highly motivated students who do not meet the criteria. In Seminar in Educational Inequality, in partnership with Sarah Lawrence College, students research issues of inequity and accomplish a research based paper and project. Service Learning Seminar is a new research and community service course. Seniors can do semester long career internships in WISE. Bronx River Research provides students the opportunity to formulate questions related to the river's ecosystem and participate in authentic research through data collection and analysis. Mandarin I and II and III are being offered this year through a Bronxville Foundation grant. Independent study and independent research are encouraged. This year approximately 25 students will investigate a topic of interest under the supervision of a teacher (IND).
